Instructions for Idaho Form 41E

ALL PAYMENTS CLAIMED ON YOUR INCOME TAX RETURN MUST HAVE BEEN MADE UNDER THE SAME FEDERAL EMPLOYER IDENTIFICATION NUMBER.

WHEN TO USE

This form is used to request a six-month extension to file:

- Form 41 Idaho Corporation Income Tax Return
- Form 41S Idaho S Corporation Income Tax Return
- Form 66 Idaho Fiduciary Income Tax Return
- Form 65 Idaho Partnership Return of Income

A six-month extension will be granted upon the timely filing of this return and payment of the required amount. A request for extension of time to file will not be approved if the required amount is not paid.

A separate application must be completed by each taxpayer filing a return. If a unitary group will be filing a single return, the entity responsible for filing the return is to file one extension.

The form must be signed by an authorized person.

WHEN TO FILE

Form 41E must be filed on or before the due date of the return, which is the 15th day of the fourth month following the end of the tax year. An extension of time will be denied if Form 41E is filed after the due date.

INTEREST AND PENALTY

The extension of time to file does not extend the time for payment of the tax.

Interest is charged from the due date of the return to the date payment is received. The interest rate is published in the Idaho income tax instructions.

Penalty will be due for underpayment of tax unless the amount paid with the request for extension is:

1. At least 80% of the total tax due as correctly computed, or
2. Equal to or greater than the total tax reported on the income tax return for the preceding year.

The penalty for underpayment is 5% of the tax due. The minimum penalty is \$10.

ESTIMATED TAX AND CREDITS (line 3)

CORPORATIONS: Multiply 8% by the estimated taxable income. If this results in an amount less than \$20, use \$20 as the estimated tax. Add the \$10 permanent building fund tax to the estimated tax and subtract the amount estimated for credits.

UNITARY TAXPAYERS: If a single return will be filed for the unitary group of corporations, each corporation that does business in Idaho or is authorized to do business in Idaho is subject to the \$20 minimum tax and must pay the \$10 permanent building fund tax.

Credits may be claimed only by the corporation earning the credit. Subject to limitations, the investment tax credit may be claimed by other members of the combined group.

S CORPORATIONS: S corporations are subject to tax on excess net passive income and capital gains. Use 8% to compute the estimated tax on this income. If the estimated tax on these items is less than \$20 or the S corporation does not report income from these items, use \$20 as the estimated tax.

S CORPORATIONS AND PARTNERSHIPS WITH NON-RESIDENT SHAREHOLDERS AND PARTNERS: When the income is reported and the tax is paid for nonresident shareholders and partners, use the tax rate of 8% to compute the estimated tax. This estimated tax is in addition to the tax computed for the S corporation. Add the \$10 permanent building fund tax for each nonresident not filing an individual return.

FIDUCIARIES: Add the permanent building fund tax to the computed tax unless all income is distributed to beneficiaries.

CREDITS: Examples of credits include the credit for contributions to educational entities, investment tax credit, and gasoline tax refund.
